

StThomas of Canterbury CE Primary School
Geography Rolling Programme

	Autumn A	Spring A	Autumn B	Spring B	Autumn C	Spring C	Autumn D	Spring D
The Nest	EYFS 3-4	Understand position through words alone, for example "The bag is under the table"- with no pointing. Describe a familiar route M Discuss routes and locations with words like "in front of" and "behind." M Use all their senses in hands on exploration of natural materials UW Know that there are different countries in the world and talk about the differences they have experienced or seen in photos. UW						
Lower Robins	EYFS Rec	Draw information from a simple map UW Recognise some similarities and differences between life in this country and life in other countries. UW Explore the natural world around them. UW Recognise some environments that are different from the one in which they live.						
	EYFS ELG	Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps. UW Explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, non-fiction texts and (when appropriate) maps. UW Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class. UW Understand some important processes and changes in the natural world around them, including the seasons. UW						
Upper Robins Year 1/2	Maps Children learn how to use maps, symbols, keys and routes to explore their local area.	UK and the World Children find out what the UK is like and begin to explore the continents and oceans of the world.	Our Local Area Children explore their school, home area and what makes their local place special.	Hot and Cold Children compare life and environments in hot and cold places around the world				

Kingfishers & Herons Year 3/4/5/6	UK Settlements Children learn how and why settlements begin, grow and change over time in the UK.	Rivers and Coasts Children explore the water cycle, rivers and how coasts change where the land meets the sea.	The Americas Children discover the diversity of places, landscapes and environments in North and South America, including the Amazon.	Natural Resources Children find out what natural resources are, how we use them, and why living sustainably matters.	UK Land Use Children investigate how land is used in local and UK landscapes and how this has changed.	Farming and Trade Children explore where our food comes from and how global trade links people and places.	Europe Children learn about the diversity of Europe's landscapes, countries and ways of life, with a focus on Northern Italy.	Mountains, Volcanoes and Earthquakes Children discover how these physical features form and how they affect people and the world.
